

Tunisian Twist Ear Warmer

Materials:

Red Heart [Hygge Yarn](#) (or any bulky/size 5 textured yarn)
-approx. 110 yards, pulling from each end of the skein

[Double Ended Crochet hook](#) in size 8mm

Gauge: Unimportant

Pattern Notes:

Pattern written using US terms.

TKS = Tunisian Knit Stitch

We are using [Tunisian crochet in the round](#). There is a video tutorial on HeartHookHome.com!

Do not join or turn throughout the entire pattern, rather work in a continuous spiral.

Pattern:

Round 1: Ch-20, being careful not to twist the chain, form a circle by starting in 1st chain. TSS in each st around. (20)

Rounds 2 – 60: TKS in each st around. (20) **should be approx. 18" – 19" tall*

Pull backward pass yarn through to only one loop remaining. Turn, sl st in each st around.

Fasten off leaving a ~20" tail for creating the twisted portion. Weave in all yarn tails except for the longer tail for sewing.

Construction:

Lay the tube of crochet flat. If there are any imperfections in your stitching be sure to lay them facing down as the side you can see now will be the outside/visible portion of the ear warmer.

Fold and pinch the two ends as below. Nestle one folded end inside the other like so:

Thread the yarn needle and prepare to sew.

Making sure to catch every stitch, sew across the entire quadruple thick portion of the ear warmer. When you get across, flip the ear warmer inside out to make sure you haven't missed a stitch. If you missed a few, sew them in now. Flip back inside out and weave in all ends.

I hope you enjoyed this pattern! I look forward to creating more patterns, both paid and free, and publishing more video tutorials on my blog, HeartHookHome.com. Thank you, and happy crocheting!
